

**Proposal to: ADVANCED EQUIPMENT**

**Subject: SOCIAL MEDIA MARKETING**

## **About**

Promars Agency has quickly emerged as one of the most creative and professional media agencies in the Kurdistan region, so much so that the name of Promars agency has reached Iraqi and international brands.

We believe that while individual talent is very important, talent however requires a creative environment to grow and prosper, that is why we aspire to hire the absolute best and most talented individuals in the region and give them an environment that will bring out the best in each and everyone of them.

This philosophy has proven to be most effective and our works are the perfect examples of that we specialize in working laboratories and factories with their product working umbrella to provide multiple services.
